ABOUT ME

Hey there! I'm Miguel, a 21-year-old student at Holy Angel University diving headfirst into the world of web development. From crafting visually appealing websites to mastering Front-end coding, I'm all about bringing ideas to life online. Join me on this journey as I learn, grow, and contribute to the exciting tech landscape!

OBJECTIVE

My objective as an enthusiastic IT student with a focus on web development is to consistently outperform my present skills and push myself to new heights. I am driven to expand my knowledge in the ever-evolving IT industry and am always looking for fresh challenges that will help me advance both professionally and personally.

ACHIEVEMENTS

Consistent Dean's List

CERTIFICATION

● **CyberOps Associate - 2023**
Earned CyberOps Associate certification from Cisco Networking Academy

● **Introduction to Cybersecurity - 2021**
